The Kentucky Educational Association will hold its annual session at Louisville April 21st to 24th, 1915. Much space and time has been assigned to the discussion of rural school problems, and men and women of rich and wide experience will present new thoughts on all these questions.

Louisville is doing more for the Association this year than it has ever done, let us show our great appreciation by a large attendance from Knox county.

Railroad rates will be one fare plus 25 cents for the round trip. Tickets may be bought on April 20th, 21st and 22nd, and will be valid returning up to April 27th.

To all of the Knox County Teachers who teach in the Public Schools will be added one dollar per month in addition to their regular salary in case you attend two days of the Association. A good number of teachers and trustees have already stated that they expect to join the delegation from Knox county which will start from Barbourville Wednesday morning April 21, in order to arrive at Louisville in time to attend the James Lane Allen program Wednesday evening at the First Christian Church. "If never there you ought to go, if ever there you want to go."

W. W. Evans, Supt.

NOTICE

To All Road Overseers:-

You are requested to warn out all the road hand and work out all the County roads in Knox County at once. This the time of the year to put the roads in good shape, and it must be done. I think 4 days should be worked now, then the people can make their crops and finish up in the fall.

Let this be done as soon as possible, and with the road, fill up the mud holes and especially remove the loose rock from the road or beat them up. If this is done at this time of the year the roads will be better and will serve the people better. Take notice.

Your servant,
Thos. G. Hammons,
Judge.

GOLDEN

On last Wednesday, April 14, death visited the home of Capt. B. B. Golden and took from him his devoted wife, Mrs. Elizabeth Golden. Mrs. Golden was a member of one of the pioneer families of Knox County, being a daughter of James W. Davis.

Mrs. Golden leaves a husband, three sons and one daughter, her daughter, Mrs. Frank Baker is now living in Colorado, her son, C. B. Parrott is one of the County Road Engineers, she has two younger sons, J. Lynn Golden who is in the automobile business here and James Golden, who is an attorney at the Knox Circuit Court, and an innumerable host of close relatives and friends to mourn their loss.

Mrs. Golden has suffered for several months and everything known to medical science and skill was at her service, neither time or money was spared to her to restore her health, but all failed and the "grim reaper," called death claimed Mrs. Golden and the spirit of this good wife and mother speeded its way through space to that Eternal City of the New Jerusalem, where flowers eternal bloom, and where the angels beckoned her when the last summons came. She was a devout Christian, and a member of the Christian Church for many years.

The funeral services were conducted from the home at 1 o'clock p.m. Thursday, Rev. J. W. Ligon, Pastor of the First Christian Church, officiating. Interment in the City Cemetery.

We extend to the bereaved family our sympathy in this their sad bereavement.

Christian Church.

The usual services will be held at the court house next Sunday. Sunday school at 9:30, A. M. F. O. Moore, Superintendent. Communion service at 10:45, followed by the sermon. The subject of the morning sermon will be "Justification." The evening service will be held at 7:30; the subject will be "The Prodigal."

There will be special music. All are cordially invited.

Jas. Parrott, of Knox Fork, was here the other day. We are always glad to see "Jim."

Government offers Additional Public Lands to Homeseekers.

Chicago, April 10, 1915.—The United States Reclamation Service announces the opening and availability the latter part of April, of a large number of desirable homesteads in the well-known Shoshone irrigation project near Yellowstone National Park, Wyoming. This opening will mark the fifth unit to be offered, an excellent opportunity for the serious homemaker to secure a desirable 40 or 80-acre tract under the homestead law in a district of proven agricultural worth.

According to an announcement issued by Albert V. Leonard, Settlement Agent of the U. S. Reclamation Service in the Federal Building, the Government during the past six months has been swamped with appeals for suitable agricultural homesteads and the opening of the Shoshone lands will in a measure appease the demand for irrigable tracts in this section.

"There is no question but that the recent peculiar business and economic conditions have been largely responsible for the increased demand for and widespread interest in the 'back to the land' movement, states Mr. Leonard. 'The Government is desirous of encouraging this laudable movement in every proper way and seeks to make readily available information concerning the opportunities which exist for the homeseeker. It is my desire that the Shoshone opening will attract an industrious class of people who will maintain the high standing of progressive farming which is rapidly transforming the Shoshone project into an agricultural community of accomplishment. With an excellent climate, fertile soil, ample water supply, a splendid settlement with schools, churches, and other community interests, this project should appeal strongly to prospective settlers and I shall be very glad to supply such people with all necessary data.'

Comfort for the Schoolmaam

Alabama and Washington are following the Texas idea and erecting cottages for the teachers of the rural schools. The idea is to do away with the old and never satisfactory plan of "boarding round," a relic of pioneer days. In Texas the school directors erect these cottages near the school house and one county has six of them. In one town, the citizens bought the land and erected the house by public subscription. This place has six acres of land around it. In other places the teachers have five and six room cottages, live together on the co-operative plan and hire a woman to do the housework. Texas has over 100 teachers cottages. The plan gives the teachers a chance for privacy and a touch of home life that is lacking under the system in vogue in other places. It is likely that the plan will continue to extend until there is a teacher's cottage in every school district.

They are right there! Who? Cole, Hughes & Co. Where? At the Gibson building, where they recently moved. They handle everything from a needle to a thrashing machine, and they want to "let 'em" go.

Circuit Court Opens

Circuit Court opened for its regular April term Monday with Hon. F. D. Sampson, Judge presiding, and Hon. J. B. Snyder, Commonwealth's attorney present, representing the Commonwealth.

The Grand Jury was empaneled and instructed by the Court which was the most rapid given in this Court, especially to the illegal sale of liquor, disturbing religious worship, carrying concealed weapons, shooting on the public highways and election corruptions. The Court made it plain that any man using money or liquor and that any candidate making donations or signing notes for any person, or any person asking and accepting same would surely be indicted for election frauds and would be indicted and tried for same, and upon conviction would be disfranchised, and forever thereafter barred from voting and holding offices. A Grand Jury will be empaneled on Monday after the Primary on Saturday and a thorough investigation will be had.

There were no cases tried on Monday as all the day was taken up in political speaking, but on Tuesday all cases were that was set down for the first and second day.

Buy it Now

For more than a year the habit of self-denial has been practised by the American people. Whatever may have been wanted either in the home, the farm or the shop, the inclination has been to refrain from purchasing. To save, not to spend has been the rule.

The moment has come to reverse the practice. The slogan which will lead to prosperity is Buy it now!

Never was it truer than at this moment that the prosperity of this people is in their own hands. By their own act they can hasten the end of the depression and speed arrival of unexampled prosperity. That end and that arrival are certain to come in any event, but a widespread determination to cast off the fetters which doubt and apprehension have put upon us in the past will hasten the day.

The war, coming fast on the heels of new tariff legislation spread far and wide the seeds of business distrust and individual apprehension of hard times. Thrift, a virtue in its place, was carried to the point at which it became vice. Prudence developed into niggardliness; men ordinarily became misers; the ancient maxim was amended to read: "Take care of the pennies and lock up the dollars out of use."

The result has been a financial stringency now happily fast disappearing, and business depression for which no reason longer exists. It is time for the people again to resume the habits of life and of business which characterized Americans before this depression set in. We do not counsel extravagance, but we insist that niggardliness is no longer either necessary or helpful—not even to the person practising it. If every reader of this paper, for example, would loosen to the channel of trade \$10 in the next two weeks for things they really need, but have, though fear of the future, being trying to do without, they would be better off, business would be appreciably stimulated, and its revival felt by those who contributed to it.

Odd Bits of News

Washington, D. C.—Few people realize how many women hire out on farms for field labor. In this country there are a million and a half women field workers, more than all the women dress-makers, milliners, women tailors, hat, cap, collar, cuff and shirt workers combined.

Turbotville, Pa.—William Gritter, a shoe dealer, fitting a shoe on John Barlow, a customer, grasped the upper and bade Barlow "push hard." Barlow pushed hard, Gritter's grasp slipped, the heel of the new shoe struck Gritter's body, breaking three ribs and causing internal injuries.

Montgomery, W. Va.—Bob Ross state prisoner, working on the highway in Kanawha county, has tendered to Governor Hatfield an offer to serve out the time of his friend, Ed Adkins, if the Governor will give Adkins a pardon. Adkins is now ill in a local hospital. Adkins' time will be up in 90 days, Ross' in 10.

Chicago, Ill.—The health department has just discovered the source of the great quantities of dust which in spite of the clean streets, fill the air on windy days. From the roofs of three downtown buildings fourteen wagon-loads of dirt and rubbish—more than was swept from four and one-half miles of streets—were removed one day last week. Hereafter the roofs of all buildings must be kept clean.

Piedmont, W. Va.—A family passed through Piedmont on a Baltimore & Ohio train last week consisting of twenty-one members. The father was 38 years old, the mother 36 years and there were nine pairs of twins. Fourteen of the children passed free, being under the age limit.

"BIG DOINS"

Last Saturday night was some big time with the members of Mountain Lodge, No. 187 F. & A. M., the first, second and third degrees being conferred by the Master Dr. W. C. Black, the second by Past Master W. H. McDonald and the third degree

by Past Master J. T. Nelson, of Williamsburg. The first degree was conferred on Dr. S. E. Crouch, the second on H. C. Mills and the third on Wm. Fugate, A. D. Smith and S. T. Steele.

There was a good attendance and many visitors, among them were: Messrs. Surgenor, Mountz, Mahan and Nelson, of Williamsburg. After the conferring of the degrees a Dutch Lunch was served and all wended their way homeward, feeling that it was good they came.

SPEAKING

Last Monday was Circuit Court and all the candidates in the field for Commonwealth's Attorney to Representative were here and addressed the audience. Those who spoke were as follows:—Hon. J. B. Snyder the present Commonwealth's Attorney, who is a candidate for re-election, next for the same office was W. R. Henry, and then came R. S. Rose, all of these gentlemen are Whitley county men. Mr. Cline who lives in McCreary county was not present. Next came the Senators race, and Hon. E. G. Asher, of Eubanks, was first to speak. He gave the Democratic Party a skinning and went after Prof. Woodrow Wilson in great shape. Dr. W. C. Black was next, and delivered a broadside at the boys. Next came Prof. B. C. Lewis, who delivered his maiden speech in Knox County, which was received with quite a bit of enthusiasm. Next came the Representatives race, and J. J. Price presented his claim in great style, then Rev. Charley Bays came forward and made everyone laugh with his wit. He is an old time Republican, and told the boys if they wanted to know his Politics to go and ask their daddies. The speaking was concluded by W. F. Parker, with a few words from S. H. Jones and W. H. McDonald. W. H. McDonald announced that he would address the voters Monday, April 19, at which time some others will possibly speak.

FREE-TRADE is an umbrella turn-
ed inside out—when it rains.

EVERY FREE TRADE statesman
in Washington should limit his
lease only to March 5, 1917.

Last week a feller who was
trying to put on his overcoat fell
and broke his leg. If we were to
guess we would say that the
sleeve lining was torn.

Prof. W. Wilson, of Washing-
ton, D. C., is going to make a
demand some of these days for
some one to salute the Stars and
Stripes and if they don't do it
they can go to—

It was said by the Chairman of
the National Democratic Com-
mittee, that the way the recent
election went in Chicago was not
any sign as to how it would go in
the election in 1916 in the Presi-
dential race. No it is not. We
would wager a rush hat that in
1916 it will go Republican twice
the majority it did last week.

Ripe For the Guillotine's
Basket

Our Free-Trade wisecracks put
steel rails on the free list of the
Underwood Tariff. Canada puts
a Tariff of \$7.54 per ton on steel
rails. Then she lowers her ex-
port prices and is sending mil-
lions of dollars' worth of steel
at prices with which our own
mills cannot compete. Great
heads our Free-Trade Tariff! A
lot of these heads will drop into
the basket of the ballot box
guillotine a year from next
November.

"We support the Ameri-
can Protective Tariff
League because:

"Protection builds up
American industries, giv-
ing a wider field of em-
ployment and larger em-
ployment to the working
people.

"It has stood the tests
of many periods in this
country, which periods
have always proven to be
our best money-making
periods."

An Exploded Alibi

For a long time after the pas-
sage of the Underwood Free-
Trade Tariff the Schoolmaster
and his educators indignantly
denied that times were hard or
that there had been any inter-
ruption to prosperity. Now, how-
ever, they admit general depres-
sion, stagnation and unemploy-
ment, but they lay it to the Eu-
ropean war. The fact is, time-
wear dreadfully bad before the
war broke out, and have been, to
some extent, made better be-
cause of decreasing imports or
competitive goods and increasing
exports of a few lines of domes-
tic production. The Free-Trade
alibi has broken down. The
Tariff is the guilty party.

Poor Billy Sunday

Poor Billy Sunday is having
his own troubles. It seems that
there are people, who even
though they may believe that
"the laborer is worthy of his
hire," think that he ought to tell
his employers what he does with
the money they give him. It is
estimated that that the evangelist
makes about \$200,000 a year and
yet this immense sum does not
bring peace and serenity to the
plain-speaking preacher. Some-
body is always asking, not
"where did you get it?" but "what
are you doing with it?" Sunday
has hardly left Philadelphia be-

fore another former associate, de-
mands an accounting. The dis-
satisfied party this time is Francis
Porter, a former press agent for
Sunday, who sends to the
newspapers a statement in which
he demands an accounting of the
\$60,000 contributed by Philadel-
phians to the support of the evan-
gelist's campaign there. Porter
declares there is a shortage of
more than \$20,000, and says:
"The real truth of the situation
is that you (Sunday) are com-
mercializing the name of Jesus
Christ, boldly using his sacred
name to advertise a money-mak-
ing business."

"A decided disposition," his
statement continues, "has been
shown (by the campaign com-
mittee) to avoid supplying the
contributors to this fund with de-
tailed information regarding its
disbursement."

The state of North Dakota has
begun to put into operation a
plan which should bring thou-
sands of new settlers within the
next year. The legislature has
appropriated \$60,000 for the pro-
motion of immigration in the
next two years. R. F. Flint,
commissioner of agriculture has
given an impetus to the plan by
asking the cooperation of all the
country newspapers in the state
to induce their readers to write
personal letters to old friends
"back home." Those farmers
who are well situated and who
have prospered are urged to
write their friends and relatives
in the older states, in the cities
and in Europe, too, telling them
of their success, of the resources
of the state, how they raise corn,
clover, alfalfa, cattle and hogs
and in fact, to try and induce
those friends to break away from
the cities and the older communities
and settle in North Dakota.

The plan seems to be a good
one and doubtless will result in a
great gain in the population of
North Dakota. But the plan need
not be confined to that state alone.
Any prosperous rural community
can benefit itself if its energetic
men and women will help to
spread the gospel of country life.

Almost every one of our read-
ers can think of some friend or
relative now struggling along in
some town or city who, if trans-
planted to a modest farm, would
be healthier, happier and more
prosperous than they are at pres-
ent. Let our readers try the
North Dakota plan. Write to
your friends, tell them what you
are doing and what you mean to
do, point out to them that farm-
ing today is not what it was 40,
30 or even ten years ago. Write
to your old home town newspaper
and let your old friends and
neighbors know how well you are
getting on. Pass a good thing
along. You will be doing your
friends a favor and you will be
helping the community.

How Free-Trade
Has Hit Railroads

They Laid Off 120,000
Men and Operating
Revenues Declined
More Than \$78,-
000,000.

Washington, April 14th 1915—
A preliminary report for the
fiscal year ended June 30, 1914,
issued by the Inter-state Com-
merce Commission, covering the
operations of all railroads in the
United States having operating
revenues of \$100,000 per annum
or more, shows how the trans-
portation business suffered last
year. The total freight carried
was 1,976,139,000 tons, a de-
crease of 81,897, tons, or 38 per
cent. by comparison with 1913.
On the other hand, the number
of passengers carried, which was
1,053,138,000, increased 19,459,-
000. The total gross operating
revenues declined \$78,116,000,
while operating expenses were
cut only \$30,345,000.

Railroad employees and stock-

holders both suffered seriously.
As compared with June 30, 1913,
there was a decrease of 120,000
in the number of railway em-
ployees. More than one-third of
the railway capital stock out-
standing received no dividends.
There was an increase in the
aggregate sum paid in dividends,
but this was accounted for by
the special distribution made by
the Herriman lines in the dis-
solution proceedings.

The total investment in Ameri-
can railways on June 30, 1914,
was \$16,936,697,840, as against
\$16,424,339,514 a year earlier,
an increase of \$512,338,326. Of
the new capital \$138,000,000 in-
vested in additions and better-
ments and \$60,000,000 spent for
new lines and additions was pro-
vided through security issues.

The total number of persons
reported on the payrolls was
1,695,483, or an average of 685
per 100 miles of line. As com-
pared with corresponding re-
turns for June 30, 1913, there
was a decrease of 119,756. There
were 61,364 engineers, 64,335
firemen, 47,621 conductors, 139,-
853 other trainmen and 37,621
switch tenders, crossing tenders
and watchmen. The total wages
and salaries paid to railway em-
ployees during the year was \$1,-
373,422,472.

The par value of the amount
of railway capital outstanding
was \$2,247,301,257. This amt.
includes capital held by the rail-
way companies concerned, as
well as by the public. Of the
total amount of such capital
stock outstanding there existed
as stock \$3,630,150,704,858 rep-
resenting funded debt, consisted
of mortgage bonds, \$8,495,370,-
538; collateral trust bonds, \$1,-
181,683,530; plain bonds, de-
bentures and notes, \$1,142,016,-
070; income bonds, \$254,230,505;
miscellaneous funded obligations,
\$72,700,640; and equipment trust
obligations, \$418,540,279.

Of the total capital stock out-
standing \$2,019,020,081, or 34.78
per cent., paid no dividends.
The amount of dividends de-
clared was \$451,263,197, being
equivalent to 7.97 per cent. on
dividend paying stock. The
average rate of dividends paid
on all stocks outstanding was
5.20 per cent. The increase in
dividends declared during the
year \$82,656,870, is accounted
for by increased dividends on
the Union Pacific and the Cen-
tral Pacific. The dividends de-
clared during the year by these
two companies were more than
\$36,000,000 greater than those
of the preceding year.

The total dividends of operat-
ing roads, \$379,895,024, included
\$162,760,634 declared out of sur-
plus and the dividends of non-
operating roads, \$71,363,173, in-
cluded \$34,170,961 declared out
of surplus. No interest was
paid on \$1,334,581,422, or 11.94
per cent of the total amount of
bonded debt outstanding (other
than equipment trust obliga-
tions).

The ton-mileage, or the num-
ber of tons carried one mile, was
283,319,890,210. The correspond-
ing ton-mileage for 1913 was
301,398,752,108, from which it
will be seen that the decrease in
the ton-mileage for 1914 was
13,038,861,898. The average
number of tons of freight per
train mile was 451.80. The cor-
responding figure for the pre-
ceding year was 415.13.

PRETTY THINGS FOR SUMMER

Home Accessories Are Designed to
Give Effect of Daintiness—Much
Cluny Lace Is Used.

For furnishing the summer home
cretonne table covers and pillows
of oblong, round, square and roll shapes
are new. Patterns have white or
natural grounds, with bright floral de-
signs for the various accessories for
the summer home. Other cretonne
sets have the flowered fabric combined
with a band across each article of
heavy flit or cluny insertion, or hand-
crocheted insertion. Table scarfs,
cushion covers, bags of various shapes
and sizes and dresser covers in cre-
tonne with red, pink or delft blue de-
signs, and ivory or natural flit lace
are finished with a tidy braid of passe-
menterie having a fringe.

Art rep in natural shades forms an
artistic cushion cover edged with a
beading and fringe of a deeper shade
than the goods. The design consists
of graceful scrolls and long sprays of
stamped goods in rep and rough and
smooth linen have unusual scrolls,
large flowers, fruit, etc. French knots,
satin and stem stitches are worked
with large silks. Dainty samples have
rosebuds in stripes on English-looking
trillises.

Much cluny lace is used with white
linen. Net motifs on linen pieces are
new. The work is done through the
net, which is basted on and the linen
cut away, leaving the net parts sheer.

Luncheon sets made of Japanese
towelings are quaint and effective. Nar-
row widths of this material are
fagoted together with edges hem-
stitched. They are especially attrac-
tive for outdoor or porch use or sum-
mer cottage purposes. Sets can also
be made from Japanese cotton crepe,
which comes by the yard, edged with
a narrow gimp in white and dark blue.

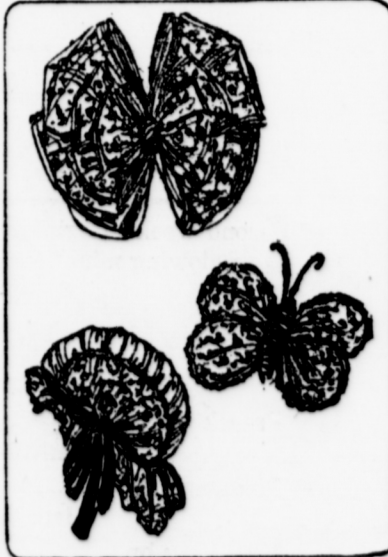

SUMMER CURTAINS OF NET

Wide Variety Is Offered, and Prices
Are Not Beyond Reach of Mod-
erately Filled Purse.

In selecting made curtains in pairs,
it is difficult to keep to the ideal of
simplicity for the summer home, for
the designs lead by insidious gradua-
tions from the plain bobbinet to most
elaborate curtains of imported, hand-
made lace. To begin with, there are
the net curtains with tiny edges and a
two-inch insertion. The net is finer in
thread this year, the lace daintier in
design and the heavy cluny is discard-
ed for better thread lace, yet prices
vary little from last year. Then there
are curtains with plain grounds and
woven borders which suggest German
influence; while some of the copies of
old lace borders, on plain net, are so
well done that the beauty of effect
wins pardon for the imitation. An-
other imitation worthy of acceptance
is a narrow insertion and edge of
venetian point lace, which is made by
machine on curtains of plain net.

A hand embroidery which has the
appearance of lace is that which de-
corates a new style of net curtain. It
resembles shadow embroidery to some
extent, and is done with soft, flat
threads of silky cotton. The design is
first outlined and then entirely filled
in with a sort of darned work. These
curtains have a delicacy that suggests
expense, yet they are less in price
than many which have heavy cluny
embellishment. They are finished with
a simple hem in order to keep their ef-
fect in lightness.

DAINTY ACCESSORIES

The group above shows some dainty
furbelows which may be made from
the new embroidered chiffon ribbon.
This comes in many different dainty
colors and is embroidered in white
with a plain chiffon edge. This edge
is shirred and wired to form the but-
terfly wings, the body being made of
self-tone silk or satin which has been
tucked and padded to the required
shape. The little cap is of the em-
broidered and plain chiffon, with ruf-
fle lace.

Laced Boots Little Worn.

Laced boots just now are a negligi-
ble quantity. They are worn only on
the tennis court and yacht's deck—
with heelless soles of rubber. All boots
for general and formal wear have
beautifully fitting buttoned tops, and
most of them have high heels also.
The gay tailleur of the season does not
accord with "sensible" footwear and
the boots positively must be dainty,
trim and more or less frivolous to give
the correct ensemble.

FOR THE BEST SHORTCAKE

Recipe From New England, Where It
Is Said the Delicacy Was
First Made.

It is said that strawberry short-
cake originated in New England and
wild strawberries were first used in
it. If you have eaten such a short-
cake, made where "the wild straw-
berries grow," you know how supe-
rior it is to the ordinary kind. How-
ever, we must content ourselves with
cultivated berries. Reserve enough
of the finest berries from two quarts
to cover the top of your cake. Cut
the remaining berries in half, or
slice if large; sugar well and stand
for an hour, at least. Make your
cake with three pints of sifted pastry
flour, three teaspoonfuls of cream of
tartar and a teaspoonful of salt sifted
in. Rub in two tablespoonfuls of
butter and one of lard. Mix it with
a pint of milk with a teaspoonful of
soda dissolved in it. Three teaspoon-
fuls of baking powder may replace
the cream of tartar and soda. Roll
or pat out half an inch thick, and
bake in either one or two cakes in
a quick oven for fifteen or twenty
minutes. Split the cake open—do not
cut it—as soon as baked, as cutting
while hot will make it heavy. But-
ter both top and bottom portions and
spread each with a thick layer of ber-
ries; put together and serve with
good rich cream—plain. Use whipped
cream only for sweet strawberry cake.

FOR BUSY HOUSEWIVES

Knives which have been used for
onions and smell of them can be
cleaned by drawing them through a
piece of carrot two or three times.

To remove hot-water marks from
japanned trays use sweet oil. Rub it
in well till all marks disappear, then
polish the tray with dry flour and a
soft cloth.

When gilt frames or molding of
rooms have specks of dirt from flies
and other causes upon them they may
be cleaned with white of egg applied
with a camel-hair brush.

Peel onions from the root upward
and they will not make your eyes smart.

Save cold tea left from supper and
use in place of water on your house
plants.

Starch should be mixed with soapy
water, for thus the linen will have a
more glossy appearance and be less
likely to stick to the iron.

Silver teapots that have not been
used for some time get musty and so
give a peculiar flavor. This can be
prevented by putting a lump of sugar
into the pot before putting away.

Poor Man's Mushrooms.

Radishes have always been consid-
ered good only to eat raw. Try the
following when mushrooms are at a
premium: Peel and slice large rad-
ishes, and when you put your steak in
the pan turn in the sliced radishes and
allow them to cook in the juice of the
steak until quite brown. Before tak-
ing them out put in a generous piece
of butter. Season with salt and pep-
per. They can hardly be detected
from the real article.

Radishes are always very good when
boiled as turnips. Boil until very soft,
season, mash and cream.—Delineator.

Cornstarch Fig Pudding.

Three cupfuls milk, one-half cupful
cornstarch, one-fourth cupful sugar,
one-fourth level teaspoonful salt,
whites two eggs, six figs sliced and cut
in small pieces. Scald the milk in
double boiler. Mix cornstarch, sugar
and milk. Add to the hot milk and
stir until thick and smooth. Add the
figs, cover and cook for 20 minutes,
stirring occasionally. Beat the whites
of eggs stiff and add the hot mixture
gradually, beating it in. Pour into
mold wet with cold water and chill.
Serve with cream. May be served hot
if desired.

Scalloped Mutton.

Cut cold mutton into thin little
pieces. For each cupful of meat add
one-half teaspoonful of salt and bit of
pepper. Butter a baking dish, cover
bottom with bread crumbs, then a
layer of meat, with a little gravy or
tomato sauce. Continue until dish is
full. Cover top with thin slices of
raw potato, dot with butter, cover
close and bake 45 minutes; uncover
and brown 15 minutes.

Baked Sliced Ham.

Place in baking pan a slice of ham
cut one inch thick; if the ham is not
mild it should be soaked in cold water
an hour. Sprinkle on top a little pow-
dered mustard, two tablespoonfuls
brown sugar, two tablespoonfuls vine-
gar, add little water and bake about
forty minutes, basting often. Add a
little boiling water to the gravy, but
do not thicken.

Sausage Sandwiches.

Put small sausages on a baking dish
and set in a hot oven. Turn occa-
sionally until brown on all sides. Cool
slightly and split lengthwise with a
sharp knife. Butter a thin slice of
brown bread lightly, lay on a crisp
lettuce leaf, then the sausage and last
another slice of bread.

Grapefruit Salad.

To use grapefruit as a salad remove
the pulp from the rind and add to let-
tuce leaves with chopped nuts or
celery. Serve with either mayonnaise
or French dressing.

Arrowroot for Fruit Juices.

Use arrowroot to thicken fruit
juices. It cooks clearly and does not
destroy the color, nor cloud the trans-
parency of the fruit.

WAR! What Is It All About?

HAS the whole world gone stark mad over a very foolish and trivial
question? Are swords rattling, cannon rumbling, mailed armour
clinking just because Russia wanted to show her love for the little
brother, Serbia?

Learn the history of Europe's politics and see
the grim and ghastly picture of what is being played.
See upon what a slim, yet desperate, excuse the sacred
lives of millions may be sacrificed. Read the history
of the past one hundred years, as written by one of the
greatest authorities on the world has ever known, and learn
the naked, shameful truth. Just to get you started as a

Duruy's History of the World

Four splendid cloth volumes, full of
portraits, sketches, maps, diagrams

Today is the climax of a hundred years of preparation.
Read in this timely, authoritative, complete, AND THE
ONLY CONDENSED classic world history—of which over
2,000,000 copies have been sold in France alone—just what has
taken place in the inner councils of Europe during the past one
hundred years. Read in these entrancing pages how Russia
has for years craftily been trying to escape from her darkness—
to get a year-round open port, with its economic freedom.

Read how Germany and Austria, fearful of the monster's
latent strength, have been trying to checkmate her and how
they have pinned all in this last, supreme stake.

The Lesson of the Past

THIS master of the pen shows you the glow that was Greece's
and the grandeur that was Rome's. He guides you through the
Middle Ages, the picturesque old days of feudalism and the crusades;
through the Renaissance up to contemporary history, which Prof.
Grosvenor completes in brilliant manner. In the story of the past
be the secrets of today. And you will understand them better when
you get the Review of Reviews for a year—for the Review of Re-
views will give you a sane interpretation of the events that are tak-
place with such rapidity. It is not enough to read the daily news
reports. Your ability to comprehend conditions, and to discuss them
rationally depends on a true interpretation of the meaning and the
"reason why" of events. In your mind you must bring order
out of chaos—and the Review of Reviews will do it for you.

A Paper For All Hands

In every family where The Youth's Companion is taken it is read by everybody. The late Justice Brewer of the United States Supreme Court used to say that if he could take only one paper, it would be The Youth's Companion—"a little of everything in a nutshell, and unbiased." Justice Brewer had some of the best brains in the country, and he kept them in fine condition partly by reading The Youth's Companion. One never needs to unlearn what he reads in The Companion. It does not fill the mind with knowledge that is hind side to. But that is not all there is to The Companion. If you want solid employment, read some of the yarns about Caleb Peaslee that appear every little while; read C. A. Stephens' stories of the good old times down in Maine; read J. W. Schutz's stories of the far-off days when he was a boy among the Blackfeet who had adopted him. The Companion is \$2.00 a year—52 weekly issues. If you want to know more about the paper before subscribing, let us send you some sample copies.

An Editor's Commission

Says the Litchfield (Ill.) News Herald: Not long ago a man came into this office and stopped his paper because he said it was always printing a lot of things about the same people and he said he was sick of it. Now when something goes wrong with the country the government appoint a commission to investigate and find out what is the matter, and the first thing a commission investigates is the man who made the holler to see if the holler was a reasonable holler. So we appointed a commission consisting of ourselves to investigate this man. We just followed the man's career ever since we knew him. The first thing that happened to that man was that he was born, but he had nothing to do with it. However, we mentioned him although his parents were entitled to the credit. When he was in his early twenties he got married. We mentioned that, including the name of the bride, the preacher, etc., in fact we mentioned everything but the preacher's fee, which was not worth mentioning. We never mentioned the fact that he never won any premiums at the county fair, because he never exhibited anything. We never mentioned his name in the list of committees, because he never attended anything. We never mentioned his name in the list of donors, because he never donated as much as a doughnut. We certainly have been treating this man shamefully, but we will agree to run a nice obituary when the time comes.

Lexington to Have Grand Sire

About a month ago Grand Master Logan visited Merrick Lodge No. 31, and urged that they arrange to give the first degree some time in the future in the auditorium in Lexington and make it a great meeting for the purpose of stirring up an interest in the order in central and eastern Kentucky.

They immediately begun arranging for this meeting and invited Grand Sire, Robt T. Daniel, of Griffin, Ga., head of the order in the world to be present and assist in conferring the first degree, and asked him to fix the time for the meeting.

The Grand Sire immediately answered agreeing to come provided arrangements could be made for April 26, which is the 96th anniversary of the order. Merrick Lodge immediately notified the Grand Sire that that date would suit better than any other and expressed their gratification that the Grand Sire had honored Kentucky by agreeing to celebrate the 96th anniversary of the order in Kentucky.

Merrick Lodge has arranged to give the first degree on Monday, April 26, 1915, at the auditorium in Lexington, at which meeting the Grand Sire of the world will be present, besides the Grand Master and other Grand Officers of the State.

Invitations have been sent out by Merrick Lodge to every lodge in Kentucky to be present at this meeting and to bring every candidate entitled to receive the first degree that there may be an old-time Kentucky welcome extended to the Grand Sire; that there may be a very large class who will receive the first degree with the Grand Sire assisting.

MARSEE

On April 13, 1915 death claimed as its victim, R. D. Marsee, of Artemus. "Uncle Bob," as he was commonly known was one of the county's best citizens. He was a veteran of the Civil war, under whose auspices he was buried Thursday. He leaves many friends and relatives to mourn their loss.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed for ever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

One to convince the Most Skeptical Barbourville Reader.

The test of time is the test that counts. Doan's Kidney Pills have made their reputation by effective action. The following case is typical. Barbourville residents should be convinced.

The testimony is confirmed—the proof complete.

Testimony like this cannot be ignored.

H. W. Williams, College Hill, London, Ky., says: "I had often noticed while working in certain kinds of paints, my kidneys were irritated. I had weakness in my back at times and also bladder troubles. The kidney secretions pained in passage. Doan's Kidney Pills gave me fine relief." (Statement given March 23rd, 1909). OVER THREE YEARS LATER, Mr. Williams said: "I use Doan's Kidney Pills occasionally and they never fail to give good results."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Williams had. Foster-McBurg Co., Pro. ps., Buffalo, N. Y. Advt.

50,000 LOAVES FOR THE POOR

Great Charitable Act Executed in Louisville by the "Tanlac Man."

Louisville, April 14th—Fifty thousand loaves of bread will be given away by L. T. Cooper, the "Tanlac man," to the poor people of Louisville.

The "bread line," as this unique charitable act is termed, was inaugurated in Louisville Sunday morning, and between the hours of 10 and 12 o'clock, several thousand loaves of bread were distributed to the worthy on the big vacant lot on Walnut Street, next to The Daily Herald office, in ample time for Sabbath dinner.

Mr. Cooper awarded an order for the 50,000 loaves of bread to the American Baking Company. The bread is of the very best quality.

When seen at the Seeltach, where the noted visitor is stopping, Mr. Cooper said:

"I have anticipated the beginning of this work among the poor with keen interest. I have wanted to perform some small service of this kind in the metropolis city of my native State, Kentucky, for several years.

"Therefore, the initial order for the bread, consisting of fifty thousand loaves, has been given to the American Baking Company, and the work has begun.

"We gave away several thousand loaves Sunday, and each time we will meet the demands."

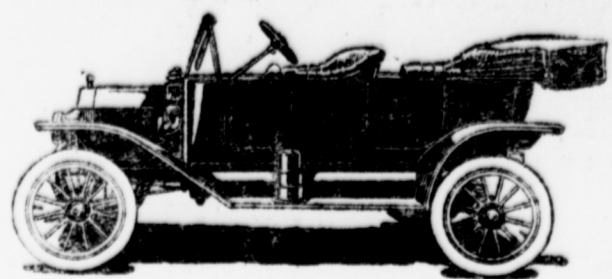

The sale of Tanlac, the famous medicine being introduced in Louisville by the personal direction of Mr. Cooper, is now very great, and is steadily increasing. The results in cases of catarrhal affections, or stomach, liver and kidney derangements, are really remarkable, and many of Louisville's best citizens are testifying to the medicine's marvelous merits.

Tanlac can now be bought in Barbourville, Ky., at Herndon Drug Co.—The Rexall Store—who have the exclusive agency for this place.—Advt.

Farmers and others who live at a distance from a drug store should keep in the house a bottle of BALLARD'S "SNOW" LINIMENT. It may be needed at any time for cuts, wounds, sores, sprains or rheumatism. It is a powerful healing and penetrating remedy. Price 25c, 50c and \$1.00 per bottle. Sold by J. Frank Hawn, Barbourville Ky. Advt.

Effect of Great Kidney Remedy Is Soon Realized

I feel it my duty to let you know what Swamp-Root did for me. I was bothered with my back for over twenty years and at times I could hardly get out of bed. I read your advertisement and decided to try Swamp-Root. Used five bottles and I have never been bothered a day since I took the last bottle of it. I am thoroughly convinced that Dr. Kilmer's Swamp-Root cured me and would recommend it to others suffering as I was. My husband was troubled with kidney and bladder trouble and he took your Swamp-Root and it cured him. This was about five years ago.

You may publish this letter if you wish.

A Burdened People

According to a count made in the library of congress recently our federal and state legislatures passed 62,014 statutes during the five years from 1909 to 1913 inclusive. Even greater than this multiplicity of laws was the vast mass of decisions of court of last resort, federal and state, which during the same five years reached the enormous total of 65,379 and now fill 630 volumes.

And yet ignorance of the law—in a thousand volumes—does not excuse. In our day of statute making by the rapid-fire process, Thomas Jefferson would have found greater reason than ever for declaring that the country is governed best that is governed least, and for opposing a multiplicity of laws. Not the least discouraging feature of it all is that our statesmen of the "ultra-progressive" variety have countless new laws still up their sleeves not a few of them revolutionary invasions of the citizens' rights.

If our laws are legion now, what is to be expected when, in times to come, women are sent to legislative bodies by their balloting sisters and enthusiastically apply themselves to the fascinating business of piling up the statutes. Their efforts to make man over and thrust into him a thousand virtues by means of the policeman's club, seem to be ominously foreshadowed by Mrs. Pankhurst's confession that women want the ballot in order "make men chaste." It may be confidently expected that women, more than men, will become addicted to the habit of making new laws aimed at every evil or inconvenience in sight, thus adding enormously to the great mass of statutes which—without previous discussion and criticism of the proper kind—have been enacted in haste, only to be repealed or forgotten as dead letters.

LIV-VER-LAX

All the Effectiveness, Not the Effect of Calomel

Liv-Ver-Lax is one of the most important medical discoveries of recent years. For a long time medical experts, realizing the harmful effects of calomel, have been striving to find a liver cleanser that would be just as effective as calomel, and yet be absolutely harmless in its action. Recently this remedy was actually put forth by L. K. Grigsby, in his Liv-Ver-Lax.

Liv-Ver-Lax is a harmless vegetable compound, designed solely for the treatment of liver complaints. The immediate favor it has met with in thousands of homes is proof positive of its real value.

If you feel worn out, tongue coated, and skin sallow, don't delay until it becomes dangerous, nip the trouble in the bud with Liv-Ver-Lax. Insist on the genuine, bearing the signature and likeness of L. K. Grigsby, which is guaranteed to give satisfaction or money refunded. For sale by all druggists. —adv.

Our shadow.
Everyone of us casts a shadow. There hangs above us a sort of penumbra—a strange, indefinable something—which we call the personal influence, which has its effect on every other life on which it falls. It goes with us wherever we go. It is not something we can have when we will, as we lay aside a garment. It is something that always pours out from our life like light from a lamp, like heat from a flame, like perfume from a flower.—J. B. Miller.
